PROFESSIONAL SUMMARY

Python Developer with hands-on experience working with structured and unstructured data, including text preprocessing, data validation, and basic analytical modeling. Familiar with machine learning concepts and experienced in using Python, Pandas, NumPy, SQL, and AWS to analyze data and support reliable, data-driven solutions. Strong problem-solving ability with attention to detail and a research-oriented approach.

EDUCATION

Bachelor of Engineering | Computer Science and Engineering | Visvesvaraya Technological University | May 2025
Basavakalyan, India | 8.03 CGPA

- Modules:** Object-Oriented Programming with Python, Web Technologies and RESTful API Design, Database Management Systems
- Dissertation:** Design and Implementation of a Scalable Web Application using Flask and MySQL
- Relevant Coursework:** OOP with Python, Web Technologies, REST APIs, Database Management, Cloud Computing.

WORK EXPERIENCE

Associate Data Analyst | Deloitte | Virtual Internship | Apr 2025

- Led weekly training sessions for 10+ team members, improving analytics efficiency by **25%**.
- Automated reporting workflows, cutting turnaround time by **20%**.
- Audited 25+ databases, increasing data integrity and reliability by **18%**.
- Built 3 custom analytical models, driving **12%** improvement in performance metrics.
- Performed data validation and quality checks to ensure consistency and accuracy across datasets.

Cloud Application Developer Intern | Rooman Technologies | Bengaluru | Nov 2024 – Mar 2025

- Developed AWS Lambda & S3 workflows achieving **99.9% data reliability** and **40% faster recovery**.
- Implemented CI/CD pipelines using Git & Jenkins, boosting deployment speed by **50%**.
- Built RESTful APIs and backend integrations, improving response time by **30%**.
- Developed a cost-efficient cloud data protection system for SMEs using AWS and Python automation tools.
- Analyzed system data logs to identify inconsistencies and improve reliability of automated workflows.

EXTRACURRICULAR ACTIVITIES

Student Ambassador – Led internship initiatives and academic collaboration programs.

Anchor – Hosted the annual Techno-Cultural Fest.

Group Leader – Conducted AI awareness sessions for local schools (Grades 7–10).

PROJECTS

1. Data Backup and Recovery using AWS Lambda, S3, API Gateway, Python (Boto3)

- Designed automated cloud backup workflows ensuring 99.9% data reliability and 40% faster recovery.
- Deployed 3 REST APIs for seamless, on-demand data backup and restoration.
- Verified data consistency and ensured accuracy of stored datasets through structured validation checks.

2. Home Security Monitoring System Python, Raspberry Pi, OpenCV, Flask

- Developed real-time motion detection system with 92% alert precision and 15% fewer false alarms.
- Enabled 24×7 live video streaming and instant alerts via Flask dashboard.
- Processed and evaluated image/video data to ensure reliable detection results and minimize false alerts.

DATA CAPABILITIES

- Experience handling structured and unstructured data, including text and image datasets
- Basic understanding of data validation and quality checks to ensure reliable results
- Comfortable following detailed guidelines and applying consistent judgment while reviewing data
- Strong attention to detail to maintain accuracy and consistency across datasets

LANGUAGES, SKILLS AND CERTIFICATIONS

- Languages:** English (native or advanced proficiency), Kannada, Marathi, Hindi (Advanced to Proficiency).
- Skills:** Python, Django, Flask, Fast API, TensorFlow, Scikit-learn, Pandas, NumPy, MySQL, AWS (Lambda, S3), REST APIs, Git, Linux, Docker, Tableau, Data Structures & Algorithms, Object-Oriented Programming, CI/CD, PostgreSQL, API Testing, JSON, GitHub Actions, Unit Testing, Agile, Software Development Life Cycle (SDLC), Data Validation, Data Quality Assessment, Text Data Processing, Analytical Reasoning, Research Skills, Attention To Detail.
- Certifications:** Python & Machine Learning - ISRO | Foundations of AI - Microsoft Data Analytics | (Python & Fast API) – Deloitte
